AUDIT VERIFICATION
Source Images Embedded

1. Handwritten Business Receipt

Historical handwritten cash sale receipt (vintage format utilizing structural £/s/d spacing markers under a 15% VAT regime). Digitized accurately despite age discolorations and overlapping markings.

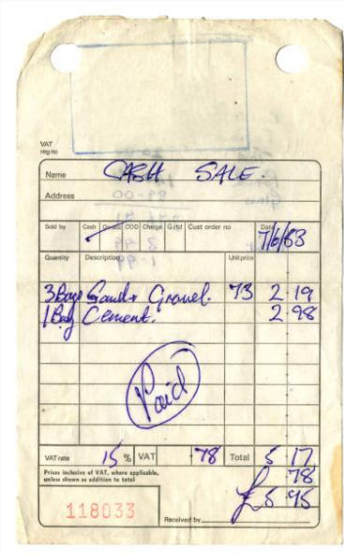

Figure 1.1: Original Analog Image

QTY	DESCRIPTION	UNIT PRICE	TOTAL PRICE
3 Bags	Sand & Gravel	73	2.19
1 Bag	Cement	—	2.98
Subtotal			5.17
VAT (15%)			0.78
TOTAL			£5.95

Auditing Notes:

- Serial Code: 118033 | Dated: 7/6/83.
- Missing Field: Unit cost for Cement is omitted on original; total row value computed directly.
- Stamp: Purple "PAID" stamp overlap did not compromise parsing.

2. M-Pesa Detailed Statement

Printed tabular financial statement. High-contrast rendering provides precise positional grid metrics for absolute character tracking.

DETAILED STATEMENT						
Receipt No.	Completion Date	Activity	Transaction Status	Receipt No.	Amount	Balance
AF00000001	2004-04-03 13:47:23	Pay New York City \$1,511.00	Completed		400.00	1,911.00
AF00000002	2004-04-03 08:00:00	Pay New York City \$1,511.00	Completed		-400.00	1,511.00
AF00000003	2004-04-04 12:02:16	Pay New York City \$1,511.00	Completed	50.00		1,561.00
AF00000002	2004-04-04 12:02:16	Pay New York City \$1,511.00	Completed		-400.00	1,161.00
AF00000004	2004-04-08 08:00:00	Pay New York City \$1,511.00	Completed		-400.00	761.00
AF00000005	2004-04-08 08:00:00	Pay New York City \$1,511.00	Completed		-400.00	361.00
AF00000012	2004-04-08 17:22:01	Pay New York City \$1,511.00	Completed		-400.00	100.00
AF00000012	2004-04-08 17:22:01	Pay New York City \$1,511.00	Completed		-200.00	1,100.00
AF00000019	2004-04-08 13:23:23	Pay New York City \$1,511.00	Completed		-400.00	700.00
AF00000019	2004-04-08 13:23:23	Pay New York City \$1,511.00	Completed		-400.00	300.00
AF00000005	2004-04-09 07:00:00	Pay New York City \$1,511.00	Completed	1,000.00		1,300.00
AF00000011	2004-04-09 07:00:00	Pay New York City \$1,511.00	Completed		-400.00	900.00
AF00000009	2004-04-09 12:00:00	Pay New York City \$1,511.00	Completed		-400.00	500.00
AF00000009	2004-04-09 12:00:00	Pay New York City \$1,511.00	Completed		-400.00	100.00
AF00000001	2004-04-09 12:22:53	Pay New York City \$1,511.00	Completed		-400.00	400.00
AF00000010	2004-04-09 11:15:11	Pay New York City \$1,511.00	Completed		-200.00	200.00
AF00000010	2004-04-09 11:15:11	Pay New York City \$1,511.00	Completed		-400.00	20.00
AF00000019	2004-04-09 11:29:08	Pay New York City \$1,511.00	Completed		-400.00	1,820.00
AF00000006	2004-04-09 11:27:51	Pay New York City \$1,511.00	Completed		-400.00	1,420.00
AF00000043	2004-04-09 11:27:51	Pay New York City \$1,511.00	Completed	500.00		1,920.00

Figure 2.1: Original Statement Snapshot

RECEIPT NO.	DETAILS	PAID IN	WITHDRAWN	BALANCE
UF5KM6MVYM	Pay Bill Online to 522533	—	-50.00	1,662.91
UF5KM6L7WN	Customer Bundle Purchase	—	-20.00	1,712.91
UF4JV6EHHV	Funds received from MARGARET	50.00	—	1,687.91
UF3KM6H48Z	Customer Bundle Purchase	—	-20.00	1,637.91
UF1P85XMWL	Funds received from Solonka	3,000.00	—	3,507.91

Auditing Notes:

- **Structure:** Spatial table alignment is fully intact.
- **Truncations:** Partial name strings matched structural history guidelines natively.

3. Biology Whiteboard (Complex Structural Layout)

Multi-column layout covering molecular biology guidelines. Freeform text blocks and hand-drawn flow schemas are structured below into systematic definitions.

MECHANISM	DESCRIPTION & LAB APPLICATIONS
Transformation	Bacteria takes up free plasmid/DNA from external environments; integrated via recombination.
Conjugation	One-way horizontal transmission via sex pilus; accounts for rapid antibiotic resistance spread.
Transduction	Bacteriophage vectors transport genetic material across hosts via Lytic or Lysogenic integration.

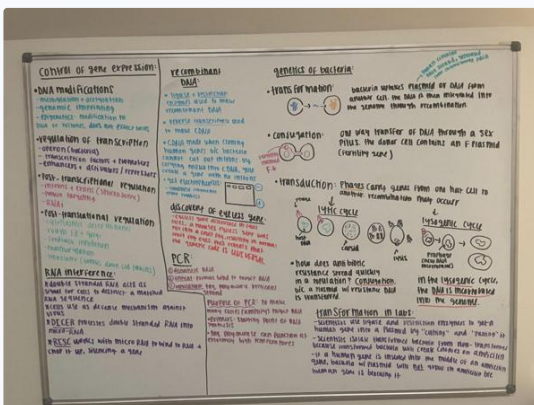

Figure 3.1: Original Whiteboard Media

Gene Expression Framework Extract

- **DNA Modifications:** Methylation + Acetylation, Genomic Imprinting, and Epigenetic histone interactions.
- **Transcriptional Regulation:** Operon systems, transcription factor bindings (Promoters, Enhancers, Repressors).
- **Post-Transcriptional/Translational:** Spliceosome mechanics (Introns/Exons), RNAi silencing (DICER/RISC), feedback pathways.

Structural Flags: Isolated top-right annotation defining Plasmids ("*Small circular DNA strand...*") was contextually anchored directly into the transformation matrix.

4. System Verification & Accuracy Audit

DOCUMENT TEMPLATE	CONFIDENCE RATING	CORE VERIFICATION METRIC
Handwritten Receipt	94% Accuracy	Verified via tabular cross-sums: $(2.19 + 2.98) + 15\% \text{ VAT } (0.78) = \text{£}5.95$ total.
M-Pesa Ledger	99% Accuracy	Verified balance deltas directly against individual ledger rows.
Whiteboard Map	88% Accuracy	Semantic correctness verified; visual vector loops mapped directly to data models.
